EDITORIAL.

WE HOPE that Brentham readers of the *Ealing Gazette* were well fortified with a sense of proportion when they read the Brentham column in the issue of August 26th. If they were not they may have stayed behind bolted doors until assured that an imaginary reign of juvenile terror had passed. They read that "two gangs of boys likely to develop into young hooligans" existed in their midst. A list of misdeeds attributed to these "gangs" was given with the grim conclusion that they must be "split up," and the mild suggestion that the "issuing of a summons as an example" would help to the desired end.

* * * * *

The case of "damage to the Institute property" is one with which the Committee is fully competent to deal and neither it nor the *senior* members who did the damage will thank *Veteran* for his introduction of the language of crime.

The "wilful damage to growing crops" was actually nothing more than a complaint of children playing through a gap in a hedge and along allotment paths. A detached marrow that accompanied the complaint may or may not have been severed by the players. No-one knows that it was, and no other damage was noted.

The other misdeeds mentioned were entirely the momentary errors of individuals and we, with other parents in Brentham, are prepared to, and do help the Institute and Children's Committees in encouraging a proper attitude in our young people. We do not think that those Committees believe in name-slinging and branding.

* * * * *

We object to the use of the words "gangs" and "hooligans" in such a connection, also to the suggestion of deceit and secretiveness contained in the intimation: "their names are well-known." Such words are unfair to the boys, make the work of the Children's and other Committees more difficult and, perhaps most serious of all, they give Brentham a bad name among its neighbours throughout Ealing. In this last respect *Veteran* has the means of correction and we look to him to apply it. Brentham has a good name and we cannot stand by while it is being filched.

QUERIES.

As this is now the season
When friends take holidays,
I think 'tis interesting
To study various ways
They all have of relating
The way they spent their time,
How glorious was the weather
In such a varied clime.

The journey down was comfy,
Each had a corner seat ;
And those who travelled with them,
Were charming friends to meet.
The boarding-house was champion,
The cooking was a treat ;
In fact they sometimes gave them,
More food than they could eat.

They had a lovely bedroom,
'Twas almost in the sea ;
So near, the sea salt flavoured
Their morning cup of tea.
The rain-clouds seemed to miss them,
It always turned out bright ;
And though it rained a little,
It kindly rained at night.

The sea bathing was glorious,
The water was quite hot ;
(I've never yet been scalded
And I've bathed quite a lot.)
They had some ripping sea trips,
The sea was like a lake ;
And though they crossed the channel,
Not one had stomach ache.

They heard such lovely music,
By such a splendid band ;
To simply bask and listen,
Was absolutely grand.
When they come back and tell you,
As you sit by the fire ;
You do not contradict them,
But think to yourself : ———.

ON DIT :

That the Billiard Room will need elastic sides and sky hooks on the 8th inst.

That the question is "What will Laurie do with de Kuyper?"

That the Island of Balkis is not a golfing centre.

That our gee-gee is getting to know his way around alone.

That he heard that a motor mower was being talked about.

That several grass-widowers have been roaming wild-eyed about the Estate.

That there were not enough grass widows to go round.

That the Improvements Appeal has fallen in empty pockets rather than on deaf ears.

That the one-time lumber-room makes a cosy corridor and lounge.

That we have all missed one another very much during the holiday season.

Garments Built by Harris *Are different—Why?*

MY WORK is not made under the *do-it-quick* sub-division method. Every detail receives proper attention. Coat collars are put on by hand, ensuring a snug fit. GAMES

AND UNWRITTEN RULES THEREOF.

I.—BILLIARDS.

This particular game is one of the most popular of our indoor games. It is played on a flat table with a slate bed covered with green cloth similar to that worn by gardeners and hotel porters. Situated on the edge of this table are six pockets into which the player endeavours to put three little balls, one red and two white. These balls are made of ivory or composition. Should you be making a poor show with composition balls, say you are used to ivories and *vice versa*. These balls appear to vary in size according to the temperament of the striker; they sometimes appear much larger than the entrance to the pocket, although there is usually plenty of room for the ball to pass between the corner cushions, especially on hotel tables where the charge is per hundred.

The bed of the table is surrounded by cushions, but these are not placed there to recline upon. The balls are manipulated with the aid of a long stick which is called a cue, the tip of which is periodically dressed with chalk to prevent slipping, that is if you can find the chalk (beware of the man who carries his chalk in his waistcoat pocket). If you make a terrible stroke cast your eye along your cue, it will probably appear very crooked; if bad shots continue, walk to the rack and change your cue; if better luck does not come after that, remark upon the awful state of the cues generally.

A shot scored by accident is termed a fluke. Should you be complimented on such a "shot" keep your face as straight as possible and play on.

Should you not be able to reach a ball with the cue there is usually a rest provided. If you do not like using the rest, and the table is not yours, do not be afraid to crawl on it. Should the ash of your pipe or cigarette fall on the table during the crawl do not hurry to blow it off, the cloth will not burn for long and it can easily be patched.

Do not trouble to thank the marker at the end of a match, he will take it for granted.

Billiards.

The opening event of the Season will take place on Friday, September 8th, at 7-30 p.m. Mr. Richard de Kuyper (England's Finger Stroke Champion), an old friend of our Steward, Mr. Clarke, will be opposed in a match of 750 up by Mr. W. Laurie of the Central Club, Holborn.

A collection will be made during the evening to defray expenses and as these are somewhat heavy it is hoped that members will respond liberally particularly as future arrangements depend on the success of this initial exhibition. Special seating accommodation is being provided. Give us a good start and Mr. Clarke, the Steward, will go ahead and provide us with several more interesting evenings during the Season.

We are still waiting for suggestions!!!

MATCHES.

July 29th (home). Brentham beat Hampstead by 9 events to 3.
 July 30th (away). „ „ Drayton A.C. by 9 sets to 0.
 Aug. 23rd (home). „ „ „ „ 9 sets to 0.
 Match programme now completed.

SEASON COMPETITIONS.

It is hoped to play off finals of above competitions on September 2nd.

CHAMPIONSHIP SINGLES.

The Ladies' is going very slowly and competitors are urged to play off their rounds.

Bowling Club.

The singles competition has been carried through with little delay this season, Messrs. Boxall and Whitmore and Huard and Bartlett reaching the semi-final. Messrs. Whitmore and Bartlett, however, were knocked out in this round, leaving Huard and Boxall to play the final. This game created a great deal of interest and it seemed very befitting that the two regular skips should meet in the final.

Mr. Huard bowled exceedingly well and ran out the winner by a good margin. Congratulations to the winner and the runner up. Now for the supper.

The only match during September is with "Aeolian" on the 16th at home. S.

BRENTHAM CLUB AND INSTITUTE.

THE Committee of Brentham Club and Institute, Ltd., is most anxious to be in a position to proceed with the Improvement Scheme as outlined at the recent General Meeting.

At that meeting it will be remembered the scheme met with very general approval, and it is, therefore, a little disconcerting to find that up to the present time little more than half the capital required has been subscribed, and of that practically nothing from the younger members, who will mostly benefit from the undertakings.

Brenthamites have to some extent been content to receive the benefits provided by a communal undertaking such as is the Brentham Club and Institute, without contributing anything to the capital outlay, and when, as is now the case, an opportunity is afforded of providing the capital for increased facilities, not at an exorbitant expense but at a real personal profit, it would be a lasting disgrace to the good name of Brentham if the scheme should fail and the money already subscribed have to be returned.

The Committee has up to the present rigidly excluded any idea of treating the various items of the scheme sectionally, and cannot believe that the spirit of each for all and all for each is not a workable one for Brentham.

It is, therefore, imperative for all who do not wish to see the scheme fail to apply for one or more £1 shares at once. If it is not convenient to pay for the whole number of shares applied for in one sum the Committee is prepared to receive payment in such instalments as may suit the convenience of members. Should the £500 be subscribed in the next fortnight the Committee will be able to proceed with the work without further loss of time.

The Education Committee has been busy selecting lectures for the Winter Sessions. It is confidently expected that the programme will be even better than last season. Members should purchase their course tickets as soon as they are available as the number is strictly limited.

The lectures will be held on Tuesdays, commencing 3rd of October, and it is not anticipated that there will be any increase in the course fees.

The Billiard Room will be closed by order of the Committee on the 8th September, when Mr. De Kuyper will give an entertaining exhibition. The arrangements for the evening will be under the management of the steward, Mr. J. W. Clarke.

Mr. J. G. Taylor is enjoying a well-deserved holiday in Yorkshire; he will be with us again on September 2nd.

Library—Change of Days.

Beginning in October, the Library will be open only on Tuesdays and Fridays, from 7 to 8.

SOCIAL COMMITTEE.

THE next meeting of the Social Committee will decide on the final winter programme, and Sectional Committees are asked to, as far as possible, fix the dates for their social functions and submit them through their representative at the Social Committee Meeting, which will be held on **September 11th, at 8.30.** An advantage to sections will be the diary of events which will be published in the **Winter Season Institute Handbook**, now in course of preparation.

The Educational Committee's programme will consist of

1. A course of lectures and debates largely on similar lines to last year, now in course of preparation.
2. An attempt to form Reading and Discussing Circles. These circles or groups to be composed of those interested in hearing read, and themselves reading to others, say one of Shakespeare's Plays, commenting on it, etc.
3. Painting Class (Mr. Martin). Can still be started if about a dozen suitable students wish it. Names wanted.
4. Drawing and Design Class, under Mr. K. Hutton. Names wanted.
5. French Class or Classes—Elementary, Advanced and/or Conversational. Names wanted.
6. Woodwork, on much the same lines as last year. Names wanted.

The Cards Committee deserve the support of every section for the Large Whist Drive which will take place in the Large Hall on October 19th, the proceeds of which will go towards providing new curtains for the Institute. Excellent prizes will be given, and the price of admission will be 1s. 6d. for non-members and 1s. for members of the Institute.

From the first Saturday in September whist and bridge drives will start at 8 p.m., with an interval on Saturday nights.

The Dance winter season will commence on Saturday, September 2nd, with a dance in aid of the groundsmen's benefit. There will be a full orchestra, and dancing will take place from 8.30 to 11.30. Admission, 1s. 6d.

Children's Section.

With the return of most of our young members from their holidays the various activities of this Section for the forthcoming Autumn and Winter Session will be very shortly resumed.

The Committee are very pleased to state that Mr. Collinson has again kindly undertaken the responsibility of producing an Operetta, which will be rendered on the 13th, 14th and 16th of December next.

It is also hoped that arrangements will be made to run an Elementary "Wireless" Class during the coming months.

Will Members of the Committee kindly meet on Tuesday evening, September 5th, in the Children's Library, at 8 p.m., to make the necessary arrangements for the coming Session.

Volunteers for Children's Operetta are asked to see Mr. Collinson in the Institute on Wednesday, 6th September, at 7 p.m.

"The Island of Balkis"—a Fairy Operetta in Three Acts. Music by C. Lloyd Stafford. Quite a new subject for Brentham, tuneful and humorous.

J.R.

Horticultural Society.

It is hoped to obtain a consignment of bulbs during the coming autumn. Prices appear in this issue. The bulbs will be obtained by the Society direct from Holland, and in order that the Trading Secretary may have some knowledge of possible requirements members are asked to kindly send in their orders in advance so that the necessary instructions may be issued to the growers. It is proposed to place the order within a fortnight from the publication of this issue. Owing to the exceptional quality of the bulbs supplied by the same growers last year, it is anticipated that it will be possible to place an order for several thousand, and obtain even better terms than those now quoted. All orders should be left at No. 33 Brunner Road.

J.W.S.

Concerts.

The Secretary regrets that owing to the Holidays and unforeseen circumstances it has been quite impossible to arrange a programme for September 2nd.

METAL WORK AS A HOBBY

It is surprising that more have not taken up Metal Work as a hobby ; for it is, indeed, a fascinating pastime. Amateur Wood Workers are all round us and we saw some of their fine work at the Horticultural Society's Show. Many Brenthamites are the possessors of Cars or Motor Cycles and are, necessarily, interested in mechanical matters. The large proportion of would-be-Metal Working enthusiasts do not get beyond the "would-be" stage because they can only associate Metal Working with intricate and expensive machinery. But wonderful results can be obtained with simple and inexpensive tools and it is possible for any amateur to make such articles as Electric Clocks, and working models of all types of locomotives, engines, pumps, etc. We shall be happy to advise and assist anyone taking up this hobby during the coming winter.

CHARLES WOOLER & Co.,

Motor and General Engineers,

EALING ROAD (opposite Unic Works), ALPERTON.

We undertake any class of general engineering work and the repair or overhaul of any Car or Motor Cycle.

Hockey Club.

The Club will commence practice very early this month, and the Committee trust that the new members will take advantage of this arrangement by attending regularly. It is also expected of the more experienced players to coach the new members to the best of their ability. It is with much regret that the Committee have lost the excellent services of Miss I. Ayres and Mrs. E. Webster as playing members, but trusts that they will give us their continued support as onlookers.

The Secretary would like all intending members to give in their names to him at the earliest possible moment, if they have not already done so, and he also gives out a hearty welcome to friends to enrol as "Non-Playing Members."

Fixtures for September—

Sept. 30 ... Gents. v. Polytechnic III. at Chiswick.

Football Club.

The members of the Football Club held a very successful meeting on the 21st August, when the following officers were elected for the coming season.

Chairman : Mr. H. BOXALL.

1st Team Captain : B. LINE. 2nd Team Captain : E. CAMPBELL.

„ Vice-Capt. : F. HENDER. „ Vice-Capt. : S. BARKER.

Messrs. George Downing and L. Southwood were elected to serve on the Committee with the Chairman, the two Captains, the Secretary and the Coach (not yet elected). Mr. S. Barker was elected Hon. Secretary at the A.G.M. held in May last.

The fees for 1922-23 will be the same as last season, viz. :—Playing members 5/- (plus ground fee). Non-playing members 2/6, and the Committee earnestly hope that the numerous enthusiastic supporters of Brentham football will avail themselves this season of the opportunity of joining the club either as players or non-playing members.

Any further particulars regarding the Section can be obtained from the Secretary. Trial matches will be held about the third week in September.

S. H. BARKER, Hon. Secretary.

Cricket Club.

The Charity Match, in aid of our Hospitals, between Pat Hendren's Eleven and 16 of Ealing and District, will take place at Corfton Road on September 20th. Harry Clegg will play as Brentham's representative, and we are confident Brentham will lend its support even better than last year.

The first team has done well during August. On the 5th, Brentford Gas punished our bowlers, securing 181 for 7 wickets, but we replied well with 111 for 7, and the match was drawn.

Brentham overwhelmed Stroud Green on Bank Holiday. The two Cleggs started off in sparkling fashion, and gave us a good start with 70 for the first wicket. Phil Cane carried on the good work, hitting hard for his 47, and there were other useful scores, giving a total of 218. Then Royce, on a wicket to his liking, tied the Green batsmen in knots, and we won easily.

We should have played Harlesden on the 12th. It rained instead.

On the 19th we beat Barnes by one run. What a game to play in. G. Royce bowled the last man in the nick of time with a good one. A ball and a game to dream about during the winter. E. Rigg and Micky Roe made most runs ; but any run made or saved was a winner in such a game !

The 2nds made a creditable draw against Gill's Athletic, H. Young scoring 34, but we lost against a strong Barnes side, at Barnes, the holidays robbing us of both bowlers and batsmen of merit.

Results to date—1st Team : Won 8, Drawn 3, Lost 4.

2nd Team : Won 6, Drawn 5, Lost 5.

Dancing.**LOOK OUT FOR OUR WINTER PROGRAMME.**

The usual popular dance, for which a full orchestra has been engaged, will be held every Saturday with few exceptions. These dances commence at 7-30 p.m. and conclude at 11 p.m. The price of admission is the same as last season.

A Practice Dance will be held on Monday evenings from 8 p.m. to 10 p.m. should there be sufficient support. A list for signatures is posted in the Institute and members who wish to take advantage of this means of instruction are earnestly requested to append their signatures. The series will commence as soon as the necessary support is assured. The charge for admission will be 6d. for club members.

The Dance Committee will gladly welcome any suggestions from dancing members respecting inclusion in programme of any particular dance or other recommendations.

A.J.T.

Golf Club.

Our Competitions are going well, and we are well into the third round of the Charity Cup Competition. The draw for the Club Championship takes place on September 1st, and members are requested to note that the first round must be completed by September 10th. The Ladies Championship will also be played during this month, full particulars of which will be duly posted.

On Bank Holiday, August 7th, a mixed foursome competition was held; and considering the number of members on holiday elsewhere the number of entries, viz. 32, was most satisfactory. It was carried through on the knock-out principle, and competitors drew for partners, Mrs. Roach and Mr. Bentham eventually ran out winners by defeating Miss Brampton and Mr. Lewis in the final round.

A useful acquisition to our little corner has been obtained by our worthy Secretary in the shape of a bell tent which has already proved most useful during the recent showery weather.

I would like to call the attention of prospective members that the fees for membership have been reduced for the remaining four months of the season.

Don't forget that this is a section which runs all through the winter as well as the summer.

A.J.T.

Ex-Service Men's Association.

An Old English Fair in aid of the Xmas Fund for Widows will be held on the football field on Saturday, 23rd September, arrangements for which are now well in hand. The Committee are endeavouring to get Field Marshal Earl Haig to come and open the Fair.

It is also hoped to run a first-class Social in the evening, similar to that held in the Institute on 26th December last.

The Committee are confident that Members will do all they can to make this day a success, for it should certainly be one of the greatest events since the opening of the Institute by H.R.H. The Duke of Connaught.

McC.

The death occurred on Saturday, August 26th, at 18, Woodfield Crescent, Ealing, of Mrs. Emily Chapman, aged 42 years.

The funeral took place at South Ealing Cemetery on Wednesday, August 30th.

Mr. Chapman and Son desire to thank all those who sent flowers and messages of sympathy.
